

Malc Wells

IT SYSTEMS ADMINISTRATOR

Malc is responsible for dealing with many of Garden Court Chambers' staff's IT-related problems and queries, as well as providing hands-on support and training across a broad range of technologies.

BACKGROUND

Prior to joining Garden Court Chambers, Malc worked in both secondary education and hospitality, meaning he's worked with both children and animals (respectively) and so had no fears about working in Chambers. Despite his range of technical skills (and pleas) we wouldn't let him Photoshop his profile picture which he's still upset about.
